Class Materials List

Small Crochet Basket

Ready to take your crocheting to another level? Join Elizabeth in this 3-night class where she will teach you how to make a cute crochet basket! This class is a great way for beginner-intermediate crocheters to try their hand at something a little more complex. Though it's a simple pattern, students should have a strong foundational understanding of crocheting and be familiar with single crocheting.

The finished size of the basket is approximately 5"x3" and 5" tall.

SUPPLIES:

- One Skein (120yd approx) #4 (medium) cotton yarn
- Single H crochet hook
- Scissors for snipping
- Yarn needle
